

From The Motion-plus President

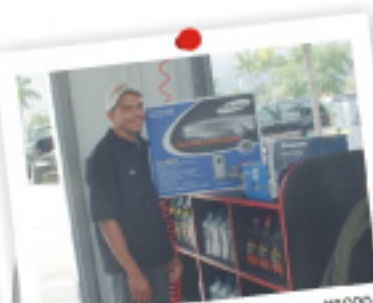

We are very proud to present our PERFORMANCE - TIPS newsletter that will be sent to you every four months. This first edition is dedicated to all the participants that took part in our 1st South Florida Sales Contest. We take advantage of this occasion to thank everybody for participating and collaborating, and at the same time, we congratulate all the winners. Remember, it was our first contest, and it won't be the last. We wish success to all of you and hope that this first edition is of your liking. We will publish suggestions in our second edition.

Jose F. Ochoa
President

Tip of the month

South Florida is a humid area. When using **Motion-Plus Fuel Treatment** frequently (every 3,000 miles), you avoid the accumulation of water inside of the fuel tank.

This water corrodes and reduces fuel system life. **Motion-Plus Fuel Treatment** is a product that should be used at every oil change. Its function is to clean the fuel system from the fuel tank to the injectors.
